Relocating key personnel across cultural and geographic boundaries creates multiple opportunities for success or failure. We recognize the cost associated with relocation; our programs will help minimize assignment failures, lower attrition, increase employee productivity, and assist with a healthier adjustment. From the big picture to the smallest detail, our highly seasoned experts understand every facet of the relocation process and can prepare your team for success.

A move to a whole new country can be very costly and time consuming. However, with assistance from our relocation services, the move can be a more enjoyable experience for everyone involved. With our help, Jack's family will have less stress and worry before they move, during their move, and even when they're returning home.

Area and Orientation Tours

Once relocated, even with an initial preview trip providing a broad picture of the new city, the Area and Orientation Tour targets the areas which the family is likely to live. Showing the family how to move around the city quickly and safely as they visit neighborhoods and explore new communities will carry benefits both to Jack's family and to the corporation he works for.

Corporate/Employee Benefits:

- ✓ Personalized for each employee/family
- ✓ Builds confidence in maneuvering around the new city
- ✓ Provides guidance by local professional trained experts
- ✓ Answers to their questions
- ✓ Creates a positive living experience in their new environment.

We would love to work with you and your company.
